Efficient communication • Time management • Problem solving • Adaptability/Flexibility • Continuous learning • Analytical thinking

## Education

### Re:Coded

Front-End Development

06/2023 - Present

- Completed 5-month immersive coding bootcamp with 400+ hours, mastering JavaScript, ReactJS, next.js, HTML/CSS, Tailwind CSS, Bootstrap, and Git.
- Co-created responsive web apps like Madaura, DzExpress, Cinepholie, and WonderTellers (links available in Github).
- Skills: Firebase, Supabase, Next.js, Tailwind CSS, JavaScript, React.js, HTML, and CSS.

### Ziane Achour University

Bachelor's Degree of Computer Science

09/2012 - 06/2015

- Programming Proficiency: Mastered multiple languages, delving into algorithms and data structures for problem-solving.
- System Foundations: Grasped computer architecture, operating systems, and networking for a holistic view of computing systems.
- Database Management: Proficient in designing and handling databases, including SQL querying and data manipulation.
- Software Engineering Practices: Acquired development methodologies, testing techniques, and project management for efficient software production.
- Mathematical Foundations: Strong understanding of Calculus, Algebra, Probability, and Statistics.

## Experience

### SARL YOTTA

Algiers

ODOO Functional Support

06/2022 - 12/2022

Full support for Odoo integration with the assistance of the integrator

- Training a cross-functional team of 3-5 resources on Odoo functionalities
- Ensuring a smooth transition to the new system and supporting users in the transitional phase

### Internship Experience UK 2022: On Demand – Technology

Algiers

Technology Intern - Remote

06/2022 - 07/2022

Bright Network helps the world's best companies find the talent they need to grow their businesses faster and give the brightest graduates access to the best possible career opportunities.

- Engaged in the AWS Amazon Coding Challenge, a project that involved devising an optimal pathfinding algorithm (A\* algorithm) for Amazon's autonomous delivery vehicles. Leveraged Python, along with the NumPy library, to develop the solution.

### SARL YOTTA

Algiers

ADMINISTRATIVE ASSISTANT

09/2018 - 12/2022

YOTTA, an Algerian company, offers comprehensive services for datacenter projects, including audits, operations, construction, and certifications. Their experts manage every phase for top-notch results.

- Proficient administrative assistant adept at crafting technical and commercial documents, managing files for quick access, and facilitating seamless collaboration for enhanced efficiency.

## Volunteering

StarTech Club

### Coordinator member

StarTech is a newly created club aiming to introduce kids to coding and learning cutting edge technologies.

MNClub

### Co-Leader membership

The core focus of MNClub centered on empowering women in the realms of business and leadership.

French teacher

I volunteered in French teaching since 2016, where I taught 60+ people from different ages (4-50+ years old) among 3 different associations and clubs.
